ADDENDUM #4

ISSUE DATE 04-25-12

RE: RFP for City Wide Paving Projects for 2012
Bids due 06-08-2012

Questions and Answers

1. Will this project involve FEMA and/or CDBG funds?
Answer: The use of FEMA and/or CDBG funds is not anticipated.

 2. Once the firms are short listed, based on qualifications and interviews, how will the quoted fee enter into the final selections using the "two envelope" system?
Answer: The two envelope system is used to keep technical qualifications completely separate from any dollar amounts during the qualifications stage of the RFP. Cost proposals will not be unsealed until grading for technical qualifications has been completed.

 3. Do the scoring/selection criteria items each carry the same weight?
Answer: No.

 4. We understand that detailed information will be furnished for engineers to make an accurate cost proposal. We suggest that the information be furnished a few days prior to the cutoff for questions.
Answer: The City will make every attempt possible to provide firms ample time from which to submit questions.

 5. What is the last day to submit questions?
Answer: See page 9 of 11, "Questions" - not less than ten (10) days prior to the proposal due date.

 6. What is the City's intent with the solicitation of the Cost Proposals?
Answer: See question and answer #2.

 7. Are the Cost Proposals for budgetary purposes only?
Answer: No.

 8. Will the Cost Proposals be used for the consultant selection?
Answer: See question and answer #2.
