

Poole Street Drainage

Ward(s): 3
Project Manager: Gulfport Department of Engineering - Phone (228) 868-5815
Engineer: Jason Gibson, Tyler Gentry (228) 868-5740

Total Approved Budget

Source	Amount
Gulfport- 2014 Bond Issue	\$ 100,000.00
Total	\$ 100,000.00

Project Scope:

The scope of work to be performed on the Poole Street Drainage project consists of improving the storm water drainage along Poole Street. There are two proposed routes for the water to travel, both of which end with an outfall into Turkey Creek. The project is currently in the stage of engineering design which is approximately 65% complete. Once the design has been completed the construction will begin. The work will be completed by the City of Gulfport's unit price contractor upon letting.
