#### **CITY OF GULFPORT**

#### 2021 ANNUAL ACTION PLAN CDBG AND HOME

#### **Executive Summary**

#### AP-05 Executive Summary - 91.200(c), 91.220(b)

#### 1. Introduction

The City of Gulfport's 2021 One Year Action Plan is a component of its 2017-2021 Five-Year Consolidated Plan and serves as the City's application to the U.S. Department of Housing and Urban Development (HUD) for Community Development Block Grant (CDBG) Entitlement Program and HOME Investment Partnership Entitlement Program for the Harrison County HOME Consortium, City of Gulfport, as Lead Agency and Partnership with Harrison County Board of Supervisors for the unincorporated areas of Harrison County. The Annual Fiscal Year for 2021 begins on January 1, 2021 and ends on December 31, 2021. The City of Gulfport will proposed allocation for fiscal year 2021 is \$725,910 in CDBG Entitlement funds and \$487,232 in HOME Entitlement Funds divided as follows: Gulfport - \$286,249, Harrison County - \$127,898 and CHDO Set-aside - \$73, 085. The City does not anticipate any program income during the year.

During April-July 2020, the City of Gulfport developed a substantial amendment to the 2019 Action Plan and 2017-2021 Consolidated Plan to include CARES Act allocation of \$424,924.00 as an available resource to be used to prevent and address homeless in Gulfport as a result of COVID-19. The City explored several options to utilizing the funding, however, each prior option was quickly revised as the State of Mississippi and other federal funding and private sources were also providng assistance, which would have been a duplication of benefits. Discussions between the City, Non-Profit Agencies, and other local municipalities, it was determined that subsistence payments and counseling for low income renters and homeowners were the vital group that was missing assistance. The City identified the most expenditious option for initiating the new activity given the urgency of resident's circumstances, HUDmandated documentation, and regulatory compliance with timeliness requirements is to award the allocation to the Open Doors Homeless Coalition Continuumof Cre, a local non-profit agency a with successful track record working with the City, State and HUD to administer this type of public services activity. Open doors also has the staff capacity and existing organiatonal framework in place to expeditiously implement the new public service activity.

The City was again allocatated funding in round 3 of the CARES CDBG CV funding in the amount of \$703,352.00. The city is determining the best course of the specific use of these funds that are strictly related to the Coronovirus.

A substantial amendment will be processed at that time.

The City of Gulfport is not a formula entitlement recipient under HUD's Emergency Shelter Grant (ESG) or Housing Opportunities for Persons with AIDS (HOPWA).

The City of Gulfport is Lead Agency of the HOME Program Consortia, and required to submit a Consolidated Plan and Action Plan as part of the Consortia, which includes all data and reporting requirements for both the City of Gulfport and Harrison County. All information and reporting related to housing and housing needs will be based on the Combined Data.

#### 2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

Activities included in the City of Gulfport and Harrison County HOME Consortium are intended to principally benefit low to moderate income residents by meeting their housing and non-housing community development needs. This document identifies the sources of funds and other resources available to plan and implement specific activities during Program Year 2021 as well as the steps to be taken to accomplish proposed goals. This 2021 Annual Action Plan is the fifth year of the Consolidated Plan. The official plan fiscal year is January - December 2020. However, due to the effects and shutdown world wide related to the Coronavirus Pandemic, all projects and funding were placed on hold. HUD issued waivers in March 2020 to waive the submittal of all required reports and documents and waived the expenditure requirements of the CDBG and HOME programs to concentrate on the COVID 19 situation. These waivers have been in place since March 2020 and currently expire on August 16, 2021. The last Action Plan or CAPER submitted to HUD was for the 2019 funding allocations, which was not received by the City until the first of March 2020. The City will now have approximately three years of funding to expended in a timely manner as all regulations will be reinstated as of August 16, 2021. As stated above in addition to the three years of entitlement funds on hand, the City was also allocated special funding under the CDBG Cares Act, in two installments totaling \$1,128,276.

#### 3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The City of Gulfport is currently in good standing with HUD in terms of managing its CDBG Programs and HOME Programs as Lead Agency for the HOME Consortium, as documented by approved Action Plans, CAPERS and compliance with HUD's CDBG 70% expenditure requirements and both programs commitment and/or timeliness of expenditure requirements. Systems and procedures are in place to ensure the effective and efficient implementation of projects as well as compliance with HUD regulations. Programs and projects are continually evaluated to ensure community needs and meeting requirements of the programs. Due to the receipt of the 2019 funding allocation in March 2020, and

Annual Action Plan

coupled with the effects of shutdowns of the economy and staff shortage, the city was not able to start any new programs or projects in 2020 or 2021 utilizing prior year funding, the city has excess funds that need to be expended.

# Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The CDBG Program does not require a match, however, the City and County have partnered with CDBG funds for capital improvement projects with hopes to continue to do so in the future.

The HOME Program does require a 12.5% match of non-federal funds for every dollar of HOME funds expended. The Community Development Department has managed to maintain this match level every year, but it is a struggle with the types of programs the home consortium provides and eligible match requirements. On the Homebuyer Assistance Program, for every home that is sold under the

seller/owner authorizes the difference to be utilized as match. The HOME CHDO utilizes volunteers in their acquisition/rehab program along with receiving non-federal match from private donations, Home Depot, Lowes, for projects. Match requirements for fiscal years 20019 and 2020 are waived due to Covid19, however, the City will continue accessing match when available.

### AP-75 Barriers to affordable housing -91.420, 91.220(j)

#### Introduction

The City of Gulfport's last comprehensive analysis of impediments was completed 2020 with a first ever State of Mississippi Collaborative between the State, all Entitlement City and all State wide Public Housing Agencies. A Consultant firm was hired to complete the analysis of impediments with public hearing and meeting across the state.

As identified in that AI were the following impediments: Lack of Fair Housing Education and Outreach, Areas of low/mod income concentration, Lack of affordable homebuyer units, Lack of affordable rental units, Accessibility, Property Insurance, Zoning Ordinance for Group Homes, Transportation

The City is addressing the above as follows: Fair housing pamphlets given to every home assistance applicant for federal assistance, all new lenders/realtors utilizing the programs receive a pamphlet; There still exist areas of low/mod income concentrations in the City, however, the City supports low income housing and development plans that that provide affordable housing outside of these areas; homebuyer assistance program assist minority low income homebuyers to purchase affordable housing of their choice neighborhoods, supports homeowner rehabilitation/repairs to increase the supply of decent, safe and sanitary housing; Assist low income homebuyers with adequate down payment assistance to purchase housing in their choice neighborhoods; Assist public services agencies that provide assistance to low income that is cost overburden;

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City of Gulfport does not deem its taxation, zoning, building and related codes or policies to be barriers of affordable housing. The City zoning and ordinances allows for various densities of multifamily developments as well as single-family housing. The only public policy identified in the last comprehensive Analysis of Impediments was there were no provisions for group homes. The City does have provisions for both Boarding Houses and Rooming Housing

The City of Gulfport's last comprehensive analysis of impediments was conducted in 2012. Since that time HUD has revised its requirements and now requires a more in-depth approach to assessing fair housing through the new Affirmatively Furthering Fair Housing Assessment. The City of Gulfport along with other entitlement local governments and public housing agencies to conduct a State-Wide AFFH Assessment. This effort is in the planning stages with a full assessment to be conducted between 2018-and 2019

The current zoning maps allows for a mixture of single-and multi-family residential units on varying lot

sizes throughout the City a well as group homes in a variety of areas. Other land use regulations support sustainability measures and provide for density bonuses when combined with natural resource preservation and/or other public benefits. The City has adopted the latest version of the International Build Code, which requires compliance with Americans with Disabilities Act and Fair Housing Act Provisions.

- The MS Regional Housing Authority No. VIII has encouraged and will continue to encourage
  residents to take a more active role in residential management. The individual home
  developments have created resident councils to work with the on-site managers and the
  Housing Authority. This relationship will help foster a better understanding of management and
  the decision-making process. The resident councils' primary purpose is to encourage the
  community programs to come into their individual sites. In turn, the residents are being
  encouraged to seek out education and job training opportunities in their local communities. The
  Housing Authority, through the Comprehensive Grant Program, has set aside funding to provide
  such training opportunities.

The resident councils have representatives that are members of the umbrella council of Harrison County. This council functions as an advisory group for the entire area, and its purpose is to help give further guidance to the development of job training programs and other opportunities. The County Council was trained through a technical assistance training grant, which encouraged the formation of the resident council umbrella program.

The MS Regional Housing Authority No. VIII will continue to implement its resident initiative programs. The City will support the resident initiatives.

The City will support the MS Regional Housing Authority No. VIII in its efforts to obtain funding under the Public Housing Drug Elimination Program, Youth Sports Program, and the Public Housing
